Contents

1. Antimicrobial Effect of *Ammi visnaga* Essential oil on Mouth Microflora................................................................. 280

2. Influence of Natural and Artificial Freezing Temperature on some Morphological and Physiological Index of Olive Plant 279

3. Study of some Ecological Characteristics of *Zataria multiflora* in Hormozgan Province........................................... 278

4. Effect of Collection Area and Pre-treatments on Germination of *Zhuemia majdae*. Rech. f. & Wendelbo Seed........... 277

5. Investigation of Provenance Properties and some Chemical Components of *Ferula gumosa* Boiss. in Qom Province........ 276

7. Effect of Spraying of Nitrogen Fertilizer on Yield in the Greenhouse Condition ......................................................... 275

9. Influence of Natural and Artificial Freezing Temperature on some Morphological and Physiological Index of Olive Plant 279

10. Study of some Ecological Characteristics of *Zataria multiflora* in Hormozgan Province.......................................... 278

11. Effect of Collection Area and Pre-treatments on Germination of *Zhuemia majdae*. Rech. f. & Wendelbo Seed........... 277

12. Investigation of Provenance Properties and some Chemical Components of *Ferula gumosa* Boiss. in Qom Province........ 276

14. Effect of Spraying of Nitrogen Fertilizer on Yield in the Greenhouse Condition ......................................................... 275

15. Investigation of some Ecological Characteristics of *Zhumeria majdae* Effect of Collection Area and Pre-treatments on Germination of *Zhuemia majdae*. Rech. f. & Wendelbo Seed.................. 277

16. Influence of Natural and Artificial Freezing Temperature on some Morphological and Physiological Index of Olive Plant 279

17. Study of some Ecological Characteristics of *Zataria multiflora* in Hormozgan Province.......................................... 278

18. Effect of Collection Area and Pre-treatments on Germination of *Zhuemia majdae*. Rech. f. & Wendelbo Seed........... 277

19. Investigation of Provenance Properties and some Chemical Components of *Ferula gumosa* Boiss. in Qom Province........ 276

20. Extraction and Identification of Oleuropein in Residue Waste Water of Washing Fruits of *Olea europaea* L........................... 274

21. Effect of Spraying of Nitrogen Fertilizer on Yield in the Greenhouse Condition ......................................................... 275

22. Investigation of some Ecological Characteristics of *Zhumeria majdae* Effect of Collection Area and Pre-treatments on Germination of *Zhuemia majdae*. Rech. f. & Wendelbo Seed.................. 277

23. Influence of Natural and Artificial Freezing Temperature on some Morphological and Physiological Index of Olive Plant 279

24. Study of some Ecological Characteristics of *Zataria multiflora* in Hormozgan Province.......................................... 278

25. Effect of Collection Area and Pre-treatments on Germination of *Zhuemia majdae*. Rech. f. & Wendelbo Seed........... 277

26. Investigation of Provenance Properties and some Chemical Components of *Ferula gumosa* Boiss. in Qom Province........ 276

27. Extraction and Identification of Oleuropein in Residue Waste Water of Washing Fruits of *Olea europaea* L........................... 274

28. Effect of Spraying of Nitrogen Fertilizer on Yield in the Greenhouse Condition ......................................................... 275

30. Influence of Natural and Artificial Freezing Temperature on some Morphological and Physiological Index of Olive Plant 279

31. Study of some Ecological Characteristics of *Zataria multiflora* in Hormozgan Province.......................................... 278

32. Effect of Collection Area and Pre-treatments on Germination of *Zhuemia majdae*. Rech. f. & Wendelbo Seed........... 277

33. Investigation of Provenance Properties and some Chemical Components of *Ferula gumosa* Boiss. in Qom Province........ 276

34. Extraction and Identification of Oleuropein in Residue Waste Water of Washing Fruits of *Olea europaea* L........................... 274

35. Effect of Spraying of Nitrogen Fertilizer on Yield in the Greenhouse Condition ......................................................... 275

37. Influence of Natural and Artificial Freezing Temperature on some Morphological and Physiological Index of Olive Plant 279

38. Study of some Ecological Characteristics of *Zataria multiflora* in Hormozgan Province.......................................... 278

39. Effect of Collection Area and Pre-treatments on Germination of *Zhuemia majdae*. Rech. f. & Wendelbo Seed........... 277

40. Investigation of Provenance Properties and some Chemical Components of *Ferula gumosa* Boiss. in Qom Province........ 276

41. Extraction and Identification of Oleuropein in Residue Waste Water of Washing Fruits of *Olea europaea* L........................... 274

42. Effect of Spraying of Nitrogen Fertilizer on Yield in the Greenhouse Condition ......................................................... 275

43. Investigation of some Ecological Characteristics of *Zhumeria majdae* Effect of Collection Area and Pre-treatments on Germination of *Zhuemia majdae*. Rech. f. & Wendelbo Seed.................. 277

44. Influence of Natural and Artificial Freezing Temperature on some Morphological and Physiological Index of Olive Plant 279

45. Study of some Ecological Characteristics of *Zataria multiflora* in Hormozgan Province.......................................... 278

46. Effect of Collection Area and Pre-treatments on Germination of *Zhuemia majdae*. Rech. f. & Wendelbo Seed........... 277

47. Investigation of Provenance Properties and some Chemical Components of *Ferula gumosa* Boiss. in Qom Province........ 276

48. Extraction and Identification of Oleuropein in Residue Waste Water of Washing Fruits of *Olea europaea* L........................... 274

49. Effect of Spraying of Nitrogen Fertilizer on Yield in the Greenhouse Condition ......................................................... 275

50. Investigation of some Ecological Characteristics of *Zhumeria majdae* Effect of Collection Area and Pre-treatments on Germination of *Zhuemia majdae*. Rech. f. & Wendelbo Seed.................. 277

51. Influence of Natural and Artificial Freezing Temperature on some Morphological and Physiological Index of Olive Plant 279

52. Study of some Ecological Characteristics of *Zataria multiflora* in Hormozgan Province.......................................... 278

53. Effect of Collection Area and Pre-treatments on Germination of *Zhuemia majdae*. Rech. f. & Wendelbo Seed........... 277

54. Investigation of Provenance Properties and some Chemical Components of *Ferula gumosa* Boiss. in Qom Province........ 276

55. Extraction and Identification of Oleuropein in Residue Waste Water of Washing Fruits of *Olea europaea* L........................... 274

56. Effect of Spraying of Nitrogen Fertilizer on Yield in the Greenhouse Condition ......................................................... 275

57. Investigation of some Ecological Characteristics of *Zhumeria majdae* Effect of Collection Area and Pre-treatments on Germination of *Zhuemia majdae*. Rech. f. & Wendelbo Seed.................. 277

58. Influence of Natural and Artificial Freezing Temperature on some Morphological and Physiological Index of Olive Plant 279

59. Study of some Ecological Characteristics of *Zataria multiflora* in Hormozgan Province.......................................... 278

60. Effect of Collection Area and Pre-treatments on Germination of *Zhuemia majdae*. Rech. f. & Wendelbo Seed........... 277

61. Investigation of Provenance Properties and some Chemical Components of *Ferula gumosa* Boiss. in Qom Province........ 276

62. Extraction and Identification of Oleuropein in Residue Waste Water of Washing Fruits of *Olea europaea* L........................... 274

63. Effect of Spraying of Nitrogen Fertilizer on Yield in the Greenhouse Condition ......................................................... 275

64. Investigation of some Ecological Characteristics of *Zhumeria majdae* Effect of Collection Area and Pre-treatments on Germination of *Zhuemia majdae*. Rech. f. & Wendelbo Seed.................. 277

65. Influence of Natural and Artificial Freezing Temperature on some Morphological and Physiological Index of Olive Plant 279

66. Study of some Ecological Characteristics of *Zataria multiflora* in Hormozgan Province.......................................... 278

67. Effect of Collection Area and Pre-treatments on Germination of *Zhuemia majdae*. Rech. f. & Wendelbo Seed........... 277

68. Investigation of Provenance Properties and some Chemical Components of *Ferula gumosa* Boiss. in Qom Province........ 276

69. Extraction and Identification of Oleuropein in Residue Waste Water of Washing Fruits of *Olea europaea* L........................... 274

70. Effect of Spraying of Nitrogen Fertilizer on Yield in the Greenhouse Condition ......................................................... 275

71. Investigation of some Ecological Characteristics of *Zhumeria majdae* Effect of Collection Area and Pre-treatments on Germination of *Zhuemia majdae*. Rech. f. & Wendelbo Seed.................. 277

72. Influence of Natural and Artificial Freezing Temperature on some Morphological and Physiological Index of Olive Plant 279

73. Study of some Ecological Characteristics of *Zataria multiflora* in Hormozgan Province.......................................... 278

74. Effect of Collection Area and Pre-treatments on Germination of *Zhuemia majdae*. Rech. f. & Wendelbo Seed........... 277

75. Investigation of Provenance Properties and some Chemical Components of *Ferula gumosa* Boiss. in Qom Province........ 276

76. Extraction and Identification of Oleuropein in Residue Waste Water of Washing Fruits of *Olea europaea* L........................... 274

77. Effect of Spraying of Nitrogen Fertilizer on Yield in the Greenhouse Condition ......................................................... 275

78. Investigation of some Ecological Characteristics of *Zhumeria majdae* Effect of Collection Area and Pre-treatments on Germination of *Zhuemia majdae*. Rech. f. & Wendelbo Seed.................. 277

79. Influence of Natural and Artificial Freezing Temperature on some Morphological and Physiological Index of Olive Plant 279

80. Study of some Ecological Characteristics of *Zataria multiflora* in Hormozgan Province.......................................... 278
